## Installation directions:

Please do always save your old program data before installing upgrades or updates. You can do this at „*functions/properties/save data*“.

### NEW:

The current upgrade will be delivered via online download for all customers with a valid software maintenance contract. You can get it at:

<http://www.deco21.de/en/ambiente/service-upgrades.jsp>

Please keep your **login name** and your **password** ready for [www.deco21.de](http://www.deco21.de)!  
Our Hotline is available for you from monday to friday, from 8 a.m. to 5 p.m.

Customers without an internet connection will receive the upgrade (DVD) by mail as usual.  
To order it by mail, please send us a **FAX: +49 (0) 381 4059 551**

---

The following program supplements, enhancements and requirement conformances are newly contained by ambiente® 6.7 in contrast to the forerunner version 6.5:

➤ **General program functionalities**

- fullscreen display of ambiente® available on all screens now
- increased usability for big system fonts
- model decorations open faster
- move model decorations into another category
- import and export of model decorations
- call collection data download from ambiente®
- import collection data directly via double click

➤ **3D Planning**

- plissé and venetian blind can be opened at the bottom
- insert images of decoration elements (e.g. tie-backs and -clips)
- decoration and dimensioning of rugs and carpets
- display of scale in print-outs of 3D Wall and 3D Floor

**+ + simplified customer's image module (automatic determination of perspective) + +**

In the new version of our customer's image module you will be relieved from the most difficult step – the perspective adjustment! This will now be performed automatically with the help of a new developed program which determines the correct parameters. You only have to take several pictures of a DIN A4 sheet of paper with a special pattern on it and import the images into that program once. Afterwards the customer's image will always be calibrated by ambiente® according to your camera.

➤ **Image design**

- 19 new basic images (window situations and upholstery furniture)
- better quality in display of articles and colours

➤ **Curtain cutting**

- Outlines/Plans of pre-fabricated models can be displayed
- commission and date on print-put (if called from the calculation)

Further prices for ambiente® - licenses and maintenance services can be taken from the current order documents or from our pricelist in the internet. **Ask us for a personal offer!**
